

## PALE-FACE HOMESTEADERS WHO DRAW FORT PECK LAND WILL HAVE TO GO SOME TO BEAT THEIR SIOUX FARMER NEIGHBORS

Fierce Warrior Tribe That Massacred Custer Has Settled Down to Agriculture With Remarkable Success.

Special Correspondence.

GREAT FALLS, MONT., Aug. 26.—The last "wild Indians" have been tamed. The fierce Sioux tribe which nearly half a century ago, massacred General Custer and his brave band of cavalymen in the valley of the Little Big Horn, has changed into a peaceful community of farmers. And Uncle Sam is about to add the finishing touch to their new civilization.

There are but 3,000 left of the nomadic Sioux bands that long terrified the northwest. In recent years they have been confined on the Fort Peck reservation, in northern Montana, far from the scene of their last big battle, where they mustered 20,000 or more.

Here, as the wards of the government, they have had the limited freedom of 2,000,000 acres—one square mile for each redskin. But now their range is to be further restricted to make room for the invading hordes of white settlers, hungry for land. The Indians have been allotted 725,693 acres, making farms averaging 240 acres apiece, and the remaining 1,245,000 acres have been carved into 8,406 white man's farms to be drawn by lot, beginning September 1.

### FORBES MIFFED OVER NAMING OF HARRISON

Governor General of Philippines Sends in His Resignation and Will Quit in Week.

MANILA, Aug. 26.—W. Cameron Forbes, governor general of the Philippines, since Nov., 1909, today sent his resignation to Washington. It is effective Sept. 1, when Forbes will leave for the United States. It was only Saturday, Forbes says, that he was apprised of the appointment of Francis Burton Harrison of New York as the new Philippine governor and he is admittedly a little "miffed."

### FASHIONABLE HOUSE FOR AMBASSADOR PAGE

Dukes and Lords and Earls Are Near Neighbors of American Envoy.

LONDON, Aug. 26.—U. S. Ambassador Walter Page, housed at Claridge's since he arrived in London, has closed negotiations for an ultra-fashionable residence in Grosvenor square, one of the most exclusive neighborhoods.

His immediate neighbors will be the Duke of Manchester on one side and Lord Farquhar on the other, with houses owned by the Duke of Portland, Earl Fitzwilliam, Lord Haversham and Lady Vincent nearby. He will not state the annual rental but said it was "not excessive." He will take possession the last of September.

### TO PROBE SHOOTING OF AMERICAN MISSIONARY

CONSTANTINOPLE, Aug. 26.—Lewis Heck, acting vice consul, on orders from the U. S. embassy, started for Armenia Monday to investigate the murder of the Rev. Charles H.

The Indians are prepared for the change. That is the remarkable phase of this business. They themselves have made easy the last transition stage from barbarism to agricultural competition with their pale-face enemies.

Two years ago Louis Hill, chairman of the board of directors of the Great Northern railway, picked a few Indians from the reservation and sent them to the New York land show. He wanted them to see what the white man was doing with land like theirs. Chief Crazy Bull was one of them.

They saw and were converted. When Crazy Bull and his braves returned they preached farming, and began to practice it, too.

It takes scientific methods to raise good crops in this semi-arid land, where the soil is fertile, but rainfall is a gamble. Fields are usually allowed to "lie fallow" every other year, and the farmer must plow deep, treasure every bit of moisture and use wisdom in selecting and rotating crops. Wise cultivation, however, brings big rewards.

### FILES SUITS FOR \$10,000 DAMAGES

Charging that he fell from a ladder in the Rubber Regenerating works at Mishawaka last January owing to the negligence of the company, Salathiel Scott of Mishawaka, has filed suit for \$10,000.

Scott says that the floors were greasy and that the ladder slipped, hurling him to the floor. The injuries resulted in the amputation of one leg and the loss of his hearing.

### LOTS OF OLD AND NEW AMERICANS COMING IN

NEW YORK, Aug. 26.—Immigration officials were swamped Monday when liners arrived with 2,733 returning tourists and 5,007 steerage passengers aboard. Before night other steamships are expected with 2,000 cabin and 4,000 steerage passengers.

## SUNDAY SONGS MAKE MEDLEY

The work of compiling and arranging a number of songs which were most popular during the recent Billy Sunday revival campaign has been completed and the medley will be produced by Elbel's band at the concert next Saturday evening at the court house square. The medley contains 12 songs and it will require about 15 minutes to play them.

It is introduced with the arrival of the band at the tabernacle playing, "Onward Christian Soldiers," which is followed by extracts from the little red song book, "Great Revival Hymns," in the following order: No. 5, "True Hearted—Whole Hearted," No. 33, "All the Way for Jesus," No. 17, "Sail On," No. 72, "The Light of His Wonderful Love," No. 113, "Jesus Is Calling," "The Brewers' Big Horses Can't Run Over Me," No. 181, "All Hail Emmanuel," No. 307, "We're Marching to Zion," No. 105, "Shall We Gather at the River?," No. 103, "At the Cross," No. 108, "The Hallelujah Song," and, No. 22, "I Am Coming Home."

That latter is embellished by inserting "The Star Spangled Banner" for one section of the band during the song. It required a great deal of study and labor to complete this arrangement, which was done by a member of the band, who is quite modest about it and wishes his name withheld.

## KNOW HOW TO GAIN WOMEN'S CONFIDENCE

H. A. Wakely, Now Under Arrest, Said to Have Secured \$400 From Another Woman.

Special to News-Times. LAPORTE, Ind., Aug. 26.—N. A. Wakely of Cowen, the man who is alleged to have assisted a gang of smooth land dealers of Washington to "plant" a Rochester, N. Y., woman on a farm between this city and Michigan City while the other men were disposing of the property from the woman in a fake trade, is said to be experienced on getting into the confidence of old women. It is alleged that when he lived in Michigan City he got \$400 belonging to a widow woman, by telling her that a defunct insurance company in which her husband had been insured, had been reorganized and would pay the death claim if she gave them the \$400 back premiums. It is alleged the woman gave the \$400 to Cowen and never saw the money nor the insurance money.

Wakely is now under arrest, and is said to have secured \$400 from another woman. The land is considered worth \$25 an acre and is expected to add 20,000,000 bushels a year to the grand production of the northwest.

## THEY COULDN'T DO IT

This Story Says Deaf and Dumb People Rooted.

CLEVELAND, O., Aug. 26.—Two hundred enthusiastic spectators at Monday's American league game rooted for the Naps or the Yankees, but didn't say a word. They cheered with their hands. They were delegates to the convention of the National Association of Deaf and were guests of Pres. Somers of the Cleveland club.

REPORTERS WENT. LAPORTE, Ind., Aug. 26.—The Indiana Court Reporters' association was in session Monday meeting Monday afternoon to get organized. John Holladay, Richmond, and Miss Agnes Bayliss, Frankfort, president and secretary, will be re-elected.

MILWAUKEE, Aug. 26.—"All will be tight, and some of them tighter."

That was the dictum Monday of one of Milwaukee's leading women's tailors, who returned from Paris where he had been studying fall styles. "This fall's skirts will fit like the wrapper on a cigar," said he. "Women will have to abandon the custom of pulling 'em over their heads and will have to crawl into 'em like a man does into his pants. Some skirts will require the use of a shoe-horn and others must be warped on like a barrel hoop. Silts will continue. In fact, without silts, some of the fall skirts couldn't be donned, even with a shoe horn."

### FAIL TO SETTLE THE MISSOURI LEAD STRIKE

Board Will Meet Today to Act as a Mediator Body Instead of as Arbitrators.

FARMINGTON, Mo., Aug. 26.—The state board of mediation and arbitration Monday abandoned all hope of settling the lead strike in southeastern Missouri, as representatives of the Western Federation of Miners and of the mine owners, at a public hearing Monday refused to submit terms of peace different from those already rejected.

The board will meet Tuesday, not as a mediator body but as arbitrators. Refusal to abide by the decision of the board of arbitrators is punishable by a fine not exceeding \$500.

### MAY BUILD AUDITORIUM FOR ELKHART CHAUTAUQUA

Proposition to Expend Several Thousand Dollars is Being Now Discussed.

ELKHART, Ind., Aug. 26.—As a result of the unsatisfactory conditions attending the rendition of chautauqua programs in a large tent, public spirited citizens have launched a movement for the erection of a steel auditorium to cost from \$5,000 to \$7,000. E. C. Bickel, one of Elkhart's leaders of the movement has caused it to be taken up by every church and social organization in the city in the hope that the new building might be a realization in another year.

"What our city needs," said Mr. Bickel, "is a tribunal where we may all 'get together' and work in unison for the forces that uphold our general moral character and gain inspiration for proper community growth. Our thought should be for the future and our ideals fixed on a permanent institution. We shall not discuss the present nor past chautauquas. It is generally agreed that there is lacking the real chautauqua spirit, and it is this that we should try to cultivate for future assemblies. "Oh no, your chautauqua will never die out," said Prof. Bryan, the chautauqua manager Monday morning. "There are too many good people in your city who will never permit such an institution to become obsolete."

### "What will you have?"

"K & S"

"And yours?"

die out," said Prof. Bryan, the chautauqua manager Monday morning. "There are too many good people in your city who will never permit such an institution to become obsolete."

### DRY GOODS MARKET.

NEW YORK, Aug. 26.—The downward revisions in the price of standard prints and shirtings was the feature of the primary cotton goods market today. The former were reduced one-half cent a yard while the latter were cut one-quarter cent. Several lines of gray goods were moved up one-eighth cent to one-fourth cent a yard and one line of cotton chevrons was advanced one-fourth cent a yard. Raw silk continued to go upward. Japanese raw silk values touched the highest levels since 1907.
